All of the links from my.NRCS are now in the NRCS Community on USDA Connect.

They're easy to find! Just follow these four steps:

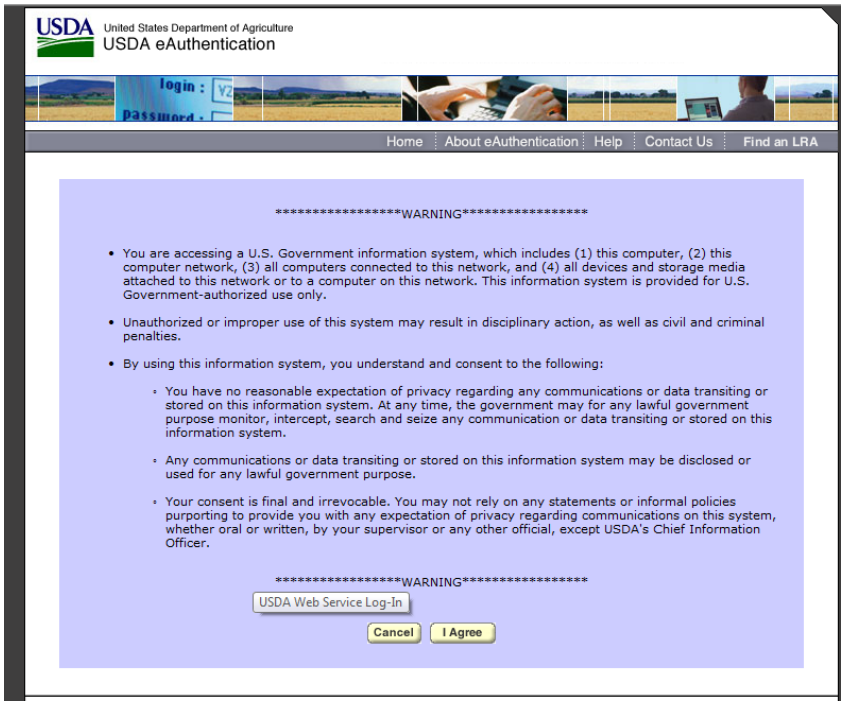
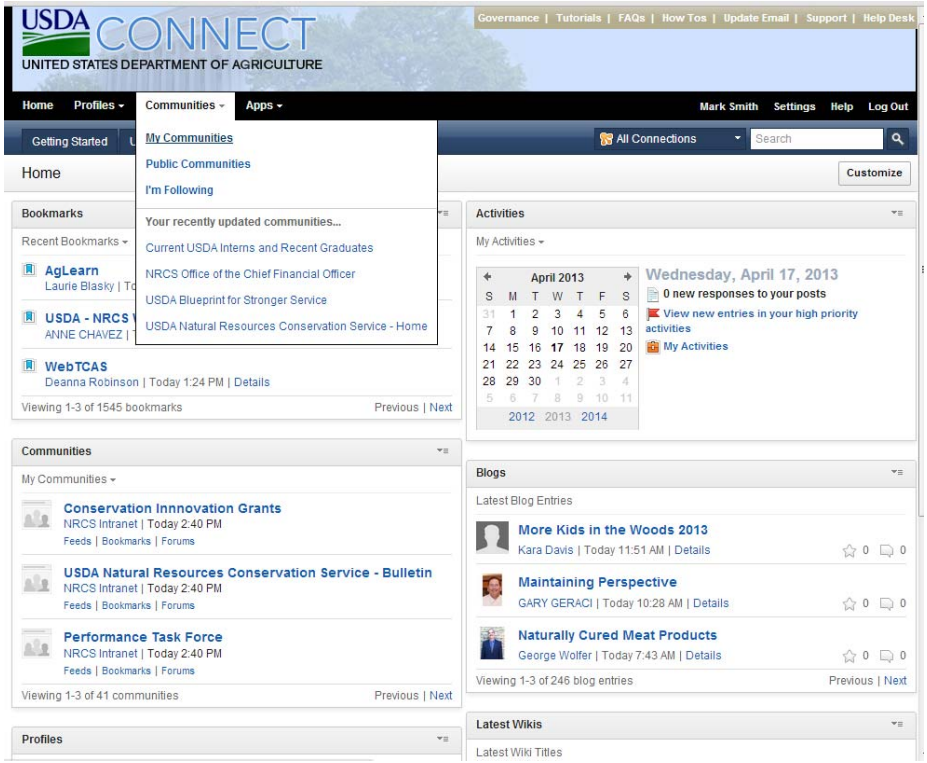
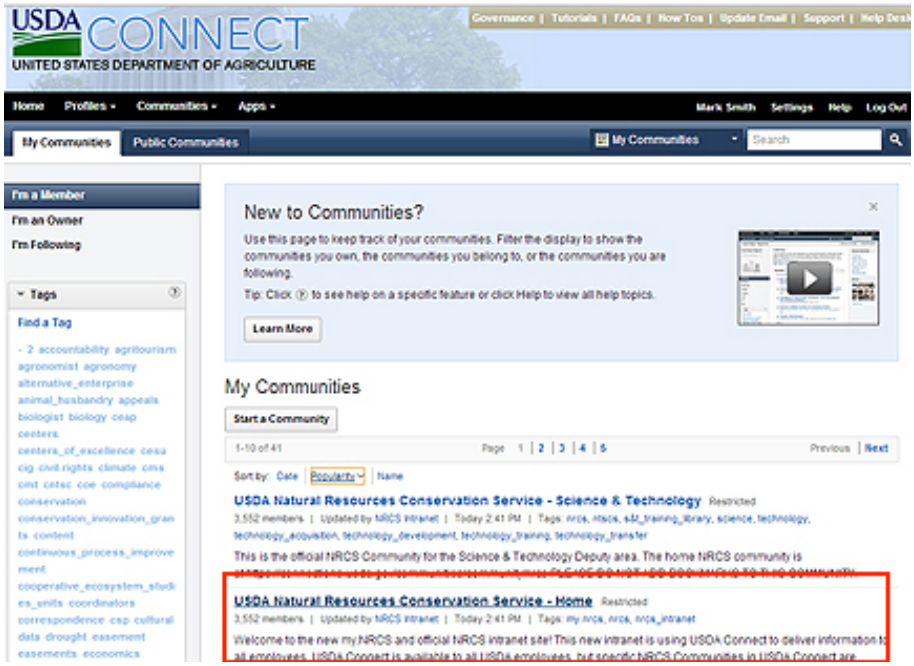
Press Log in to the NRCS home community and use your e-Authentication account.



2) Go to ***Communities*** and click on ***My Communities.***



3) Find the ***USDA Natural Resources Conservation Service – Home*** community



4) Your same bookmarks are located on the right-side column under ***Important Bookmarks***.

Just click on ***Field Tools*** on the right to find ProTracts, WebTCAS, Field Office Technical Guide and other links.

Check the ***Bookmarks*** section in the center of the page for additional links to EmpoweHR, GovTrip, Thrift Savings Plan and more.
