

2008 Poster Winner

The NRCS 2008 Disability Employment Awareness Month Poster Contest winner is Ms. Tania Nanna. Originally from Curitiba, Southern Brazil, Ms. Nanna served as a Louisiana Earth Team Volunteer working at the NRCS State Office in Alexandria, Louisiana, from November 2005 until being hired as a term employee in 2007 as a Cartographic Technician; which she currently serves. Ms. Nanna wanted her poster to show that individuals with disabilities are active and contributing members of our society who are able to adapt and overcome challenges with their own unique set of problem solving skills; that in the end, benefit all. Great job Tania!
