General Comment

I wholeheartedly support the opinions of the American Farmland Trust with regards to the changes of Docket Number NRCS-IFR-08013.

Their opinions are the following:

1. Requirements regarding easement terms and conditions should reflect new interpretation of "contingent right of enforcement"
2. Certification Should Be Used To Provide a Meaningful Way to Reduce Administrative Review for Experienced Entities
3. Forest Management Plan Requirement Should be Eliminated or Significantly Revised
4. Impervious Surfaces Policy Should be Revised
5. National Ranking Factors Should be Reconsidered

I am a family farmer and I hope you will consider these statements as the voice of the people.
Thank you very much.
W. Miller
