Notice of Prescribed Burn

What **YOU**
Need to Know.

USDA's Natural Resources Conservation Service (NRCS) in partnership and U.S. Fish and Wildlife Service will perform a prescribed burn on this site that is enrolled in the Wetland Reserve Program in Linn County, Oregon.

The exact date and time of the burns will depend on weather conditions, but the burns will take place sometime between:

Sept. 1 - Nov. 30, 2023

Phelps Easement Site

Size: 48 acres

Location: 4.5 miles NW of Harrisburg; 2.8 miles East of Monroe; adjacent to Willamette River

Private residences are adjacent to the burn area.

The burns will be completed by professional prescribed burning teams and will be closely monitored by technical staff to ensure public safety. Minimal to moderate smoke impact is expected.

Prescribed burning is an effective land management tool that provides multiple benefits to the land, including healthier soils and improved habitat for wildlife.

Notice Published September 2023 by NRCS Oregon.
