State Issues Addressed

Issue Questions	Responses
If the application is for the development of a Conservation Activity Plan (CAP), the agency will assign significant ranking priority and conservation benefit by answering "Yes" to the following question. Answering "Yes" to question 1a will result in the application being awarded the maximum amount of points that can be earned for the state priority category.	
1. a. Is the program application for development of a Conservation Activity Plan (CAP)? If answer is "YES", do not answer any other State-Level questions. If answer is "No", proceed with evaluation to address the remaininf questions in this section.	400 Point(s)
Water Quality - EPA Watersheds:	
2. a. Deos the application include core conservation practices that will be implemented within 1/4 mile of a stream or water body that is threatened (i.e., receives significant runoff of excess nitrogen and/or phosphorus), on the EPQ 303(d) list, or is impaired with a TMDL in place and therefore not on the 303(d) list (or other critical stream or water body authorized by the Regional Conservationist)	100 Point(s)
Geographic Impacts:
