

LANDOWNER OFFER and SIGNATURE FORM

Easement Acquisition Compensation Determination

Under the Agricultural Conservation Easement Program (ACEP), I have applied for:

Wetland Reserve Easement (WRE)

It is voluntary for the landowner to make an offer to the Natural Resources Conservation Service (NRCS). If this site is selected for funding during **Fiscal Year 2024**, the offered reduction will be incorporated into the easement acquisition compensation and will remain effective for the duration of the Agreement to Purchase Conservation Easement.

I agree to accept a 5% reduction on my total easement compensation amount for the above referenced easement program.

I do not wish to volunteer an offer.

Landowner Signature

Date

Print Name

County

This form is used to document the landowner's offer. Completion of this form does not suggest or imply that this site will be selected for enrollment into any easement program, or that any actual monetary offer will be made by the USDA.
