## 2014 Farm Bill-Conservation practices and programs for your land brochure

The 2014 Farm Bill brochure, measuring 5 ½ x 8 ½ inches folded, describes the 2014 Farm Bill conservation programs, including a table explaining each, suggestions for resource concerns, and FAQs. (2015)

## Be a friend to Pollinators Brochure

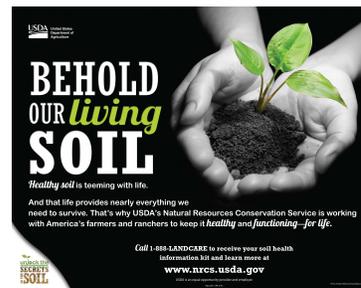

This colorful brochure explains the different types of pollinators and some fun facts about them. The publication folds into a 2 3/4 by 3 1/2 inch pocket size brochure. (2010)

## Hope in Healthy Soil Poster

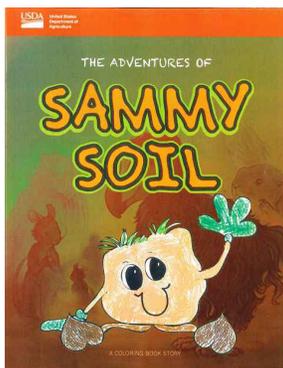

Did you know that farmers and ranchers can actually improve the health and function of their soil? The poster measures 23" x 18". (2015)

## Behold our Living Soil Poster

Healthy soil is teeming with life; and that life provides nearly everything we need to survive. The poster measure 23"x18" (2015)

## The Adventures of Sammy Soil Coloring Book

This coloring book, which focuses on soil and water conservation, follows Sammy Soil's adventures as he visits different farms and explains the importance of conserving our natural resources. The coloring book was designed by Melanie Sanderson and adapted from the Sammy Soil story by Ernest H. Whitaker and Sandra L. Purdue. (Slightly revised by NRCS 2014)

## Earth Team Brochure

Volunteer for the Natural Resources Conservation Service Earth Team! This brochure explains what the Earth Team is, who can volunteer and what they can do. (2013)
