

Emmons County Local Work Group (LWG) EQIP Criteria Worksheet - FY08

Applicant: _____ Application/contract #: _____

Date Ranked: _____ Ranked by: _____

Emmons County LWG Ranking Criteria

Question # Y N

1			Does the EQIP application include the cover crop incentive practice for three years to promote soil health?
2			Does the EQIP application include the prescribed grazing incentive practice for three years to promote rangeland health?
3			Do the applied practices provide for the design of multi-species plantings in windbreaks and/or grass/pasture/range plantings? (Windbreaks: plantings with 2-5 rows - each row has a different species; plantings with 6-10 rows - not more than 2 rows same species; plantings with 11-15 rows - not more than 3 rows with same species; plantings with 16 or more rows - not more than 4 rows the same species. Grass/pasture/range plantings: 4 or more species.)
