

ANM09 Maine State Supplement 2012-1
Grazing management to improve wildlife habitat

Criteria

1. For grassland birds, deferred areas shall be in the center of the pasture well away from field-forest edges.
2. Nesting or fawning dates
 - Nesting Season: April 15th - August 1st of a calendar year.
 - Fawning Season: May 25th - July 5th of a calendar year.
