Planting in a raised bed
Locating the plants

North

Peas
Lettuce or alternate=cabbage
1 row of onions or radishes

South

Tomatoes
1 row of carrots

Peppers
bush beans (or cukes if pole beans replace cukes on east side)

East

SQUASH
RADISHES

West

C U K E S
Or C A B B A G E
(if pole beans are desired move cukes & place pole beans here)

Plant spacing is very important: Please use information from local gardeners and/or MSU Extension
