

Curriculum of Formal Training for Civil Engineer Technician (802 Series)

Little Experience (<1 year)	Introduction to NRCS	NEDC
	Introduction to NRCS-Michigan	NRCS-Michigan
	Basic Field Conservation	NRCS-Michigan
	Total Station	Vendor
	Hydrology Training Series	NEDC
	Introduction to the Field Office Technical Guide	NEDC
	Conservation Training Module - Basic Engineering Surveys for Conservation Practices	Michigan
	GPS Total Station	Vendor
	Construction Inspection	NEDC
Some Experience (1-4 years)	Conservation Planning for Non-Planners	NRCS-Michigan
	Agricultural Waste Management – Primer	NEDC
	Agricultural Waste Management – Level 2	NEDC
	Concrete Fundamentals	NEDC
	Soil Mechanics Training Series	NEDC
	AutoCAD training videos	Vendor
	AutoCAD/MAP training CDs	Vendor
	Eagle Point training WebEx CDs	Vendor
	Conservation Training Module - Concrete Construction	Michigan
	Conservation Training Module - Grade Stabilization Structures	Michigan
	Conservation Training Module - Grassed Waterway and Diversion Planning, Design, and Construction	Michigan
	Conservation Training Module - Agrichemical Containment Facility	Michigan
	Conservation Training Module - Watering Systems for Livestock	Michigan
Contracting Officer's Technical Representative (COTR)	Vendor	
Experienced (>4 years)	Soil Compaction and Field Control	NEDC
	Liner Design for Animal Waste Containment	NEDC
	Soil Bioengineering	NEDC
	Contract Administration for Construction Contracts	NEDC
	Effective Presentations	NEDC
