

Chapter	Chapter Title	Illinois Supplements	Pages
1	Engineering Surveys	Precast Concrete Monuments	1-73.1 - 1-73.2
		Procedure For Offsetting Curves	1-116.1 - 1-116.3
2	Estimating Runoff	ES-1027 Curves	2-10.9 - 2-10.34
		Rainfall & Other Maps To Be Used In Design	2-36.1
		100 Yr. 6 Hr. Rainfall In Inches (Illinois State Map)	2-36.3
		2-yr 24-hr rainfall in inches (Illinois State Map)	2-36.8
		5-yr 24-hr rainfall in inches (Illinois State Map)	2-36.9
		10-yr 24-hr rainfall in inches (Illinois State Map)	2-36.10
		25-yr 24-hr rainfall in inches (Illinois State Map)	2-36.11
		50-yr 24-hr rainfall in inches (Illinois State Map)	2-36.12
		100-yr 24-hr rainfall in inches (Illinois State Map)	2-36.13
		Average annual frost penetration in inches (Illinois State Map)	2-36.18
		24 Hour Rainfall (Inches) for Illinois Counties (Chart)	2-36.19
		24 Hour Rainfall (Inches) for Illinois Counties (Chart)	2-36.20
3	Hydraulics	Soils Series In Illinois, Number And Name	2-42.1 - 2-42.8
		Illinois Hydrologic Soil Groups	2-42.9 - 2-42.16
		Headwater Depth For Various Culverts	3-94.1 - 3-94.6
4	Elementary Soils Engineering	Chart For Relief Wells	3-108
6	Structures	General Guide To Structure Selection	6-7.1
		Drop Spillways Riprap Of Approach Channel-Layout And Requirements	6-8.1
		Drop Spillways Capacities	6-10.1 - 6-10.2
		Drop Spillways	6-12.1a - 6-12.4
		Corrugated Aluminum Toewall Drop Spillway Design Sheets	6-14.1 6-14.-8
		Corrugated Aluminum Double Toewall Drop Spillway Design Sheets	6-14.9 - 6-14.35
		Maximum Spacing Of Antiseep Collar	6-36.1
		Head Discharge Table For Corrugated Metal Pipe Drop Inlets	6-42.1a - 6-42.7
		Head-Discharge Tables for Hooded Inlets	6-48.1 - 6-48.7b
		Canopy Inlet dimensions For Hooded Inlets	6-52.1
		Guide For Corrosion Control Of Steel Used For Underground Installation	6-93 - 6-97
		Cathodic Protection Design and Testing	6-98 - 6-106
7	Grassed Waterways	Top Widths For Parabolic Grassed Waterways	7-42.1 - 7-42.4
		Waterway Plan and Construction Specifications	7-45 - 7-46
		Design of Small Grassed Waterway	7-48 - 7-50
8	Terraces	Natural Storage Above Narrow All Grass Terraces In Cu.Ft / Lin. Ft.	8-92.1
		Subsurface Drainage Charts	8-100.1 - 8-100.3
		Exhibit 8-5.1 Discharge Rates Of Circular Orifice In C.F.S.	8-102.1
		Terrace Design Procedure	8-105 - 8-130

Chapter	Chapter Title	Illinois Supplements	Pages
9	Diversions		
10	Gully Treatment		
11	Ponds and Reservoirs	Estimating Sediment Accumulation In Reservoirs	11-8.1 - 11-8.2
		Embankment And Foundation Drain Criteria	11-24.1 - 11-24.3
		Design Of Earth Spillway	11-54.1 - 11-54.10
		Estimating Earth Fill Volume With 2 1/2 : 1 Side Slopes	11-60.1 - 11-60.4
12	Springs and Wells		
13	Wetland Restoration, Enhancement, or Creation	IDNR-OWR Permits For Wetland Berms in Floodplains	13-36.1
		Wetland Berm Setback Distance	13-36.2
14	Water Management (Drainage)	Open Ditch Design Charts	14-92.1 - 14-92.3
		Corrugated Metal Pipe Capacity	14-110.2
15	Irrigation		
16	Streambank and Shoreline Protection	Guide to Permits for Streambank Protection Work in Illinois	16-1(1) - 16-1(3)
17	Construction and Construction Materials	Design Procedures for Qualifying Dual Wall Pipe in Fills	17-1.1 - 17-1.5
		Prequalified Smooth Interior PE Tubing for Fills	17-2.1 - 17-2.4
		Prequalified List of Suppliers of Corrugated Polyethylene Tubing	17-3.1 - 17-3.2
18	Soil Bioengineering for Upland Slope Protection and Erosion Reduction		
19	Hydrology Tools for Wetland Determination
