

Subject: 12-4-12 eBlast from Utah NRCS

December 4, 2012

Celebrate the soil!

World Soil Day is December 5th

World Soil Day is a day to remember that we owe our existence to those few inches of living and life-giving topsoil.

[Click here](#) (or on the graphic below) to learn more about the amazing universe beneath our feet, and how more and more farmers are using Soil Health Management Systems to “Unlock the Secrets in the Soil.”

[Click here](#) to view a Utah video on Soil Health and Productivity by State Agronomist Niels Hansen. A video on no-till farming by dryland farmer Clair Zollinger can also be seen on the [UT NRCS YouTube Channel](#)
