

**CERTIFICATION OF NATURAL RESOURCES  
CONSERVATION SERVICE  
CONSERVATION COOPERATOR**

I, \_\_\_\_\_ of \_\_\_\_\_  
(full name and organization identity of the employee, contractor, or agent of  
cooperator seeking access to data), certify that I am authorized to provide technical  
and/or financial assistance for U.S. Department of Agriculture (USDA) conservation  
programs. USDA's Natural Resources Conservation Service (NRCS) has authority for  
ensuring such technical and financial assistance, and has requested that data critical for  
implementing conservation programs be shared directly with me.

The USDA data that I am authorized to use, and am responsible for safeguarding,  
includes only data necessary for the delivery of technical and/or financial assistance  
for conservation programs. This may include, but is not limited to, the following data  
contained in Privacy Act System of Records FSA-2, Farm Records (Automated):

- State identification and county number (where reported and where located);
- Producer/land owner and business entity name, full address, phone number,  
and identification type;
- Farm, tract, field, and contract numbers;
- Production shares and share of acres for each Farm Serial Number (FSN) field;
- Acreage information including crop code;
- Practice code;
- Aerial photographs;
- Attributes for Common Land Units (CLUs) in USDA's Geospatial Information  
System;
- Producer Social Security Numbers (SSNs) and tax identification numbers.

USDA may authorize me to use the data for the following technical assistance  
activities for USDA conservation programs:

- Program eligibility determinations;
- Conservation planning;
- Conservation practice and systems implementation and certification;
- Policy and program support;
- Compliance and status reviews;
- Outreach to conservation program participants and non-participants.

I am aware that the information may be protected under Section 1619 of the Food, Conservation, and Energy Act of 2008 (2008 Farm Bill). See Pub. L. 110-246, Title I, Section 1619; Attachment 1. I understand that, as a recognized USDA cooperator, I am personally responsible for upholding the law and safeguarding this information following USDA, U. S. Forest Service (USFS), Natural Resources Conservation Service (NRCS), and FSA guidelines and policies and in accordance with a master Memorandum of Understanding (MOU) executed with USDA's U.S. Forest Service, NRCS and FSA for sharing data. I understand that this certification will be appended to and incorporated by reference to such MOU for sharing such data.

I understand that the prohibition on releasing data covered by Section 1619 includes any data I may obtain from producers or landowners in the course of fulfilling my duties cooperating with USDA on its conservation programs. The prohibition does not cover data that is collected by local and State entities for their own use as State entities. Since I may be collecting data from producers and landowners for dual purposes (USDA and State), I will make clear to the producers and landowners the purpose of the information collection at the time the information is collected. This notification will help ensure producers and landowners are made aware that information provided for State purposes may be released under State open disclosure laws.

I will only share data subject to Section 1619 with other USDA certified, authorized employees, contractors, or agents of cooperators with a need-to-know this information in order to cooperate with USDA in implementing its conservation programs. The term "USDA certified" means the individual has proof of a completed USDA certification for securing data, such as this certification. In particular, I will not transmit any "Core Personally Identifiable Information" (PII), including any portions of SSNs or maps showing tract, field, or farm identification numbers, via mobile device including cell and cordless phones. See Attachment 2.

When my work duties no longer require me to have access to data subject to Section 1619, I will notify the designated contacts under the master MOU to which this certification is appended and incorporated by reference. I will relinquish any such data in my possession, following the instructions of the primary USDA contacts under a master MOU to which this certification is appended. I will no longer have access to such data in any form.

I will neither discuss nor reveal the contents of any such data other than to USDA certified, authorized employees, contractors, or agents of cooperators who need to know such information in order to cooperate with USDA in implementing its conservation programs. I understand that my access to USDA data may be suspended, curtailed, or eliminated at the discretion of the USDA contacts under a master MOU for sharing data, to which this certification is appended.
