

Documenting Progress Reviews in EmpowHR

Progress Review:

A joint discussion between the Rating Official and the employee regarding the Employee's progress toward achieving the performance standards. It does not involve the issuance of a rating of record. Progress reviews are conducted at least once during a full appraisal period. Normally, these required reviews would be accomplished during the midpoint of the appraisal period. Comments may be entered by the Rating Official and/or the employee.

A current plan must have been created and concurred for the Supervisor to add a progress review.

The Supervisor must initiate a review.

Employee Review Process for Progress Reviews

In testing it does not appear that the employee will receive an email nor a worklist item. This is consistent with the creation of the Performance Plan process. The supervisor is responsible for initiating a Progress Review discussion. Employee entry to the Progress Review comments made by the supervisor is via Employee Self Service, Tasks, Performance.
