IOWA BULLETIN NO. IA360-12-5

SUBJECT: PER – NO FEAR ACT TRAINING

**REQUIRED ACTION: NOVEMBER 30, 2011**

**PURPOSE:** To notify all employees about a change in the due date for completing the mandatory No Fear Act training.

**EXPIRATION DATE:** September 30, 2013

I received notice today from our National Headquarters (NHQ) that the due date for completing the required No Fear Act training in AgLearn, has been changed from December 31, 2011, to Wednesday, November 30, 2011.

As I must provide a report into NHQ verifying compliance with this deadline, I am requesting that all Iowa employees complete this training as soon as possible. I am aware of the current deadlines and workload that many of you are trying to complete. However, please be aware that this is a refresher course and will take only about 15-30 minutes for you to complete.

Please contact Sondra Folsom Jones at 515-284-4587, if you have any questions concerning this training.

A handwritten signature in cursive script that reads "Richard Sims".
