SUBJECT: Upcoming State Technical Committee Subcommittee Meetings on April 10, 2012

TO: Kentucky USDA State Technical Committee and Other Interested Persons

The next regularly scheduled meeting of the Kentucky USDA State Technical Committee is scheduled for May 3, 2012, at the Kentucky NRCS State Office located at 771 Corporate Drive, Lexington, Kentucky.

Two important efforts have recently been announced that need the input of the State Technical Committee before the May 3<sup>rd</sup> meeting date. To gather this input, two subcommittee meetings are being scheduled for April 10, 2012. I apologize for the short notice.

One meeting will be held in the morning and the other in the afternoon. You are invited to attend one or both if you have an interest in the topic(s) and wish to contribute to the identified tasks. The subcommittee recommendations will be reported to the full Committee at the regularly scheduled full Committee meeting on May 3<sup>rd</sup>.

The two efforts are as follows:

- Working Lands For Wildlife (meeting will begin at 10:00 a.m.) (Attachment A)
- National Water Quality Initiative (meeting will begin at 1:00 p.m.) (Attachment B)

Please see the attachments for more information on each effort and the needed State Technical Committee input for each. Both meetings will be held in the NRCS State Office 2<sup>nd</sup> floor conference room.

If you are unable to attend, but have input you would like to have considered, please email that information to Deena Wheby at [deena.wheby@ky.usda.gov](mailto:deena.wheby@ky.usda.gov) or fax to her at (859) 224-7399 by April 10<sup>th</sup>. You may also address any questions to her at (859) 224-7403.

I hope to see you at one or both of the upcoming subcommittee meetings on April 10, and if not, then at the regularly scheduled full State Technical Committee meeting on May 3<sup>rd</sup>.

A handwritten signature in blue ink that reads "Karen A. Woodrich".
