**WETLAND RESERVE PROGRAM
COMPATIBLE USE PLAN
NOT REQUIRED**

Landowner(s) Name: _____

WRP Contract Number: _____

Date Reviewed: _____

County: _____

An on-site investigation was conducted on this easement by _____, a Natural Resources Conservation Service employee, on the above referenced date. There were no activities or suspected violations found, including existing structures, that would indicate a need for a compatible use agreement as referenced in the WRP warranty easement deed.

Furthermore, the warranty easement deed has been reviewed with the landowner(s), and there is no indication activities are planned in the near future that would require a compatible use plan. It was explained to the landowner(s) that in the event there is a change in their objectives or they plan to engage in activities requiring a compatible use plan, they must obtain a written and approved compatible use plan prior to engaging in such activities.
