

**AS BUILT (Information to be filled in by well driller)**

Well Depth _____	Datum point from which all measurements are taken _____		
Method of Drilling <input type="checkbox"/> Cable tool <input type="checkbox"/> Direct rotary <input type="checkbox"/> Reverse rotary	<input type="checkbox"/> Hollow rod <input type="checkbox"/> Air rotary <input type="checkbox"/> Jetted	<input type="checkbox"/> Drive <input type="checkbox"/> Bucket auger <input type="checkbox"/> Flight auger	<input type="checkbox"/> Dug <input type="checkbox"/> _____
Use (Check all that apply) <input type="checkbox"/> Domestic <input type="checkbox"/> Irrigation			
<input type="checkbox"/> Stock <input type="checkbox"/> Test well <input type="checkbox"/> Wildlife or recreation <input type="checkbox"/> Monitoring			
Casing Type <input type="checkbox"/> Steel <input type="checkbox"/> Galv. <input type="checkbox"/> PVC	<input type="checkbox"/> Threaded <input type="checkbox"/> Welded <input type="checkbox"/> Solvent welded	Height above/below surface _____ Markings: _____	Hole diameter in. dia. to _____ ft in. dia. to _____ ft in. dia. to _____ ft in. dia. to _____ ft
Intake Portion of Well and/or Filter Pack (Gradation Attached) <input type="checkbox"/> Consolidated <input type="checkbox"/> Unconsolidated Screen type: _____ or open hole from _____ ft. to _____ ft. <input type="checkbox"/> Manufactured			
Manufacturer _____ Material _____ Set between _____ ft. and _____ ft. Slot _____ ft. and _____ ft. Dia. _____ Method of installation _____ ft. and _____ ft. Slot _____ <input type="checkbox"/> Well Point Slot Size _____ in. x _____ in. <input type="checkbox"/> Field Perforated Slots per foot _____ in. x _____ in.			
<input type="checkbox"/> Filter Pack <input type="checkbox"/> Estimated Entrance Velocity _____ <input type="checkbox"/> No <input type="checkbox"/> Yes (Gradation Attached)			
Grout Used? <input type="checkbox"/> Yes <input type="checkbox"/> No Volume used _____ <input type="checkbox"/> Neat Cement <input type="checkbox"/> Bentonite			
Method of installation _____ ft. to _____ ft. to _____ ft. Depth: from _____ ft. to _____ ft. to _____ ft.			
Development Method _____ Duration _____ Dates _____ Sand content after _____ hrs.			
Chemicals used _____			
Static Water Level _____ ft. <input type="checkbox"/> Below <input type="checkbox"/> Above grade Date measured _____			
Pumping Water Level _____ ft. <input type="checkbox"/> Below <input type="checkbox"/> Above grade After _____ hrs. pumping at _____ gpm.			
Pump Date installed _____ Type _____ Manufacturer _____ Model No. _____ HP. _____ Volts _____ Capacity _____ Depth of pump intake setting _____ No. of stages _____ Power source _____			
Nearest Sources of Possible Contamination _____ Type _____ Well disinfected upon completion? <input type="checkbox"/> Yes <input type="checkbox"/> No			
Water Quality Sample taken? <input type="checkbox"/> Yes <input type="checkbox"/> No Where analyzed? _____			
WY Permit No. U.W. _____ Date well completed _____			

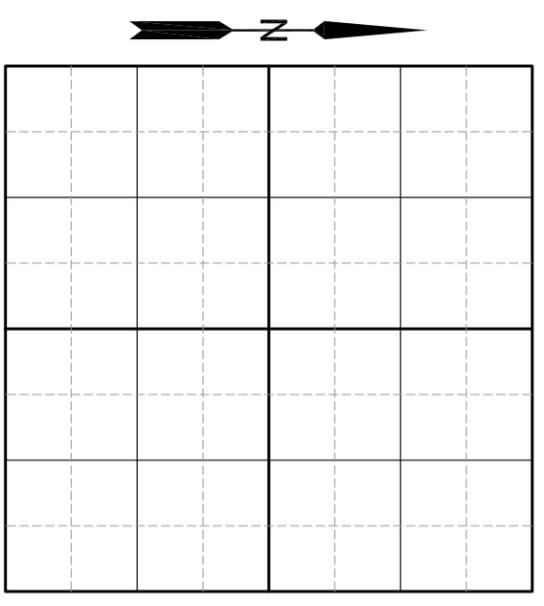

**NOTES**

1. Water Well Specification NRCS - WY 642 is a part of this plan. This sheet will be filled out by driller and returned to the NRCS office before certification can be completed.
2. All wells shall meet the Wyoming State Engineer's Office (SEO) water well minimum construction standards for Class III wells.
3. Drillers/Pump Installers must be licensed by the SEO to drill wells and/or install pumps in Wyoming. Check with the local NRCS Office for a list of licensed drillers/pump installers.
4. NRCS will not certify any well without the driller's registration number. Exceptions are installations completed by landowners.
5. Well casing shall be marked according to ASTM specification for material used.
