## **KANSAS BULLETIN NO. KS300-13-10**

### **SUBJECT: LTP—Environmental Quality Incentives Program and Conservation Reserve Program—Contract Documents**

**Purpose.** To provide guidance in distributing program contract documents to the Kansas Forest Service (KFS) district foresters for contracts on which they provided planning assistance

**Expiration Date.** September 30, 2014

To assist in the application of scheduled forestry practices, a copy of the original contract Conservation Plan of Operations (CPOs) will be provided via hard copy or electronically to the applicable KFS district forester upon approval. As CPOs are modified, a copy of the approved modification shall also be provided to the applicable forester.

The Natural Resources Conservation Service (NRCS) has a contribution agreement with the KFS for forestry assistance. District conservationists (DCs) are encouraged to utilize district foresters as much as possible for forestry-related support using Kansas Form KS-ECS-3, Forestry Assistance Request.

Communication between DCs and district foresters is important in meeting planning and application workloads. Good coordination will allow for better service to our customers.

**Contact:** Mark A. Janzen, Plant Materials Specialist, 785-823-4595, or [mark.janzen@ks.usda.gov](mailto:mark.janzen@ks.usda.gov)
