Seeking Vegetative Solutions to Conservation Problems

**Join the PMC Staff at the PMC for
Field Day Activities**

Wednesday, September 12

8:30—9 Registration
9:00—12 PMC Overview and Tour
12:00—1 Lunch: Brown Bag and Water (bring your own)
1:00—3 Breakout Sessions

Breakout Sessions:

- Soil Health
- Wildlife/Pollinators
- Native Grass/Forbs
- Riparian Habitat

Field day is for those interested in plants for conservation—farmers and ranchers, the public, K-State faculty and students, garden club members, those with forestry interests, and others.

Registration for the field day is needed by Wednesday, September 5, 2012, and can be made by calling the Manhattan Plant Materials Center at 785-539-8761; TTY 711. Participants should bring their own brown bag lunch and water. If you are in need of special accommodations, please call at least five (5) business days in advance of the registration deadline, and if you need a sign language interpreter, please call at least ten (10) business days prior to the registration deadline.

This field day will be conducted outdoors so dress appropriately. Hat, sunscreen, water, bug spray, walking shoes, and a lawn chair (if desired) are encouraged.

USDA is an equal opportunity provider and employer.
