ELIGIBLE PRACTICE LIST**

**Ranking Category—Grazing Lands Health (GLH); GLH–BF; GLH–LRF; GLH–SDF<sup>1</sup>**

	<sup>3</sup> Where cropland is converted to grazing land, cropland acres will not consist of more than 20 percent of the application acres.
	<sup>4</sup> Practice is eligible for a solar pump to be used for the purpose of pumping water from a water body, in order to remove livestock from the water body (e.g., pond or stream). Practice is also eligible on new wells.
	<sup>5</sup> Practice is eligible for management payment <u>only</u> where livestock are excluded for twelve consecutive months and followed by two years of prescribed grazing. Practice codes 472 and 528 will not be applied for incentive on the same acres in the same year.
	<sup>6</sup> Two payment rates have been set: (1) Requires at least 30 to 73.9 percent deferment during the growing season, and (2) Requires at least 74 percent deferment during the growing season.
	<sup>7</sup> Practice will be implemented a minimum of three years. Payment will be made upon annual implementation of the practice.
	<sup>8</sup> Management payment to burn all acres in the treatment unit only one out of three years. The payment is eligible from a north south line from Washington County to Cowley County and all counties east thereof. Each acre in the treatment unit must be burned but shall be burned only one out of three years. Burning shall not occur between May 1 and July 31. Payment will be made on actual acres to be burned every year.
	<sup>9</sup> Management payment to leave unharvested strips in hayland fields of warm season grasses or alfalfa. Harvest must start in the middle of the field and proceed outward or begin on one side and move across the field.
	<sup>10</sup> Wildlife escape ramps required where wildlife is deemed a secondary concern.
	<sup>11</sup> Practice is eligible for the purpose of providing suitable points of livestock entry to water bodies. Permanent fencing is required in this practice to exclude livestock access from unsuitable points of entry to the water body.
	<sup>12</sup> Financial assistance available for cross fences and perimeter/boundary fences. Perimeter/boundary fences are only eligible around expired/expiring Conservation Reserve Program fields. Prior to beginning design on any perimeter/boundary fence, scheduled for financial assistance, a participant shall provide assurances of legal property line locations AND agreements with adjoining landowners. As a minimum this may include a notarized agreement with adjoining landowners regarding location and maintenance; notarized agreement with township, county, or state in the case of road right of ways; and/or a legal survey. Expenses for legal surveys and agreements are the responsibility of the participant. Failure to provide needed documentation of location and agreement with adjoining landowners may result in contract termination.
