<p><sup>1</sup> A higher payment rate has been set for any participant that qualifies as a Limited Resource Farmer or Rancher (LRF), Beginning Farmer or Rancher (BF), or Socially Disadvantaged Farmer or Rancher (SDF). LRF, BF, or SDF may apply under the ranking category specific to their resource concern, or the ranking category specifically for the historically underserved.</p> <p><sup>2</sup> Practice eligible for use with tree and shrub plantings associated with 380, 391, 612, 650, and 798.</p> <p><sup>3</sup> Practice is eligible for a pump to be used for livestock waste transfer or a solar pump to be used for the purpose of pumping water from a water body, in order to remove livestock from the water body (e.g. pond or stream).</p> <p><sup>4</sup> This practice will be installed for the entire crop rotation or contract length, whichever is longer; a minimum three crop type rotation will be installed.</p> <p><sup>5</sup> When cropland is converted to permanent vegetation it must meet Natural Resources Conservation Service (NRCS) electronic Field Office Technical Guide (eFOTG) standards and specifications of 512 or 550. Requires at least 30 percent deferment during the growing season to be eligible.</p> <p><sup>6</sup> Practice will be implemented a minimum of three years. Payment will be made upon annual implementation of the practice.</p> <p><sup>7</sup> Payment for 328 is not eligible on the same acres where payment is being received for 329, 345, or 346.</p>		

**FISCAL YEAR 2010  
KANSAS EQIP ELIGIBLE PRACTICE LIST**

**Ranking Category - Organic<sup>1</sup>**

8	Management payment to leave brood strips in wheat stubble. Strips must be a minimum of 1 acre and must not exceed 10 percent of an individual field. Pivot corners and fields $\leq$ 1 acre are eligible in their entirety. No stubble manipulation (tillage, mowing, spraying, grazing, etc.) allowed following crop harvest until after March 31 of the following year.
9	Management payment to leave unharvested strips in hayland fields of warm season grasses or alfalfa. Harvest must start in the middle of the field and proceed outward or begin on one side and move across the field.
10	Management payment to burn all acres in the treatment unit only one out of three years. The payment is eligible from a north south line from Washington County to Cowley County and all counties east thereof. Each acre in the treatment unit must be burned but shall only be burned only 1 out of 3 years. Burning shall not occur between May 1 and July 31. Payment will be made on actual acres to be burned every year.
11	Practice must be part of a Nutrient Management Plan that is developed prior to payment for this practice. For imported waste, the payment is limited to the storage needed for the contracted waste.
