	¹ A higher payment rate has been set for any participant that qualifies as a Limited Resource Farmer or Rancher, or Beginning Farmer or Rancher.	
	² Broadcast and aerial treatment will be eligible <u>only</u> where mechanical or spot treatment are not practical. If broadcast or aerial treatment is needed, justification will be documented in the producer's case file.	
	³ Practice is eligible on cropland converted to grazing land. Cropland acres will not consist of more than 20 percent of the application acres.	
	⁴ Practice is eligible for a solar pump to be used for the purpose of pumping water from a water body, in order to remove livestock from the water body (e.g., pond or stream).	
	⁵ Practice is eligible for payment only where livestock are excluded for twelve consecutive months and followed by two years of prescribed grazing. Practice codes 472 and 528 will not be applied for payment on the same acres in the same year.	
	⁶ Two payment rates have been set: (1) Requires at least 30 to 73.9 percent deferment during the growing season and (2) Requires at least 74 percent deferment during the growing season.	
	⁷ This is a one time payment for the period of adoption. Practice will be implemented a minimum of three years. Payment will be made upon initial implementation of the practice on all contract acres.
