

FISCAL YEAR 2010 KANSAS EQIP ELIGIBLE PRACTICE LIST

Attachment 2 to KS300-10-13
dated December 17, 2009

Ranking Categories - Cropland Health (CLH); CLH-BF; CLH-LRF; CLH-SDF ¹

Practice Code	Practice Name	Reporting Units
Structural and Vegetative Practices		
340	Cover Crop	Acre
342	Critical Area Planting	Acre
378	Pond (\$6,000/no. payment-rate cap) ³	No.
380	Windbreak/Shelterbelt Establishment	Acre
382	Fence ³	Ft.
386	Field Border	Ft.
393	Filter Strip	Acre
441	Irrigation System, Microirrigation ²	No. and Acre
484	Mulching	Acre
490	Tree/Shrub Site Preparation	Acre
512	Pasture and Hay Planting	Acre
516	Pipeline ³	Ft.
521A	Pond Sealing and Lining - Flexible Membrane ³	No.
521B	Pond Sealing and Lining - Soil Dispersant ³	No.
521C	Pond Sealing and Lining - Bentonite Sealant ³	No.
521D	Pond Sealing and Lining - Clay Treatment ³	No.
550	Range Planting	Acre
589C	Cross Wind Trap Strips	Acre
603	Herbaceous Wind Barrier	Ft.
612	Tree/Shrub Establishment	Acre
614	Watering Facility ³	No.
642	Water Well ³	No.
645	Upland Wildlife Habitat Management ³	Acre
650	Windbreak/Shelterbelt Renovation	Acre
Management Practices		
328	Conservation Crop Rotation ^{6,9}	Acre
329	Residue and Tillage Management, No-Till/Strip-Till/Direct Seed ^{4,6}	Acre
345	Residue and Tillage Management, Mulch-Till ^{4,6}	Acre
346	Residue and Tillage Management, Ridge-Till ^{4,6}	Acre
472	Access Control ³	Acre
528	Prescribed Grazing ^{3, 5, 6}	Acre
585	Stripcropping ⁶	Acre
590	Nutrient Management ⁶	Acre
595	Pest Management ⁶	Acre
633	Waste Utilization ⁶	Acre
645	Upland Wildlife Habitat Management ^{6,7}	Acre
645	Upland Wildlife Habitat Management ^{6,8}	Acre
<p>¹ A higher payment rate has been set for any participant that qualifies as a Limited Resource Farmer or Rancher (LRF), Beginning Farmer or Rancher (BF), or Socially Disadvantaged Farmer or Rancher (SDF). LRF, BF, or SDF may apply under the ranking category specific to their resource concern, or the ranking category specifically for their historically underserved group.</p> <p>² Practice eligible for payment for use with tree and shrub plantings associated with the Natural Resources Conservation Service (NRCS) electronic Field Office Technical Guide (eFOTG) practices 380, 612 and 650.</p> <p>³ Practices are eligible on cropland planted to permanent vegetation meeting NRCS eFOTG standards and specifications of 512 or 550.</p> <p>⁴ This practice will be installed for the entire crop rotation or contract length, whichever is longer; a minimum three crop type rotation will be installed.</p> <p>⁵ Requires at least 30 percent deferment during the growing season to be eligible for payment.</p> <p>⁶ Practice will be implemented a minimum of three years. Payment will be made upon annual implementation of the practice.</p> <p>⁷ Management payment to leave brood strips in wheat stubble. Strips must be a minimum of one acre and must not exceed ten percent of an individual field. Pivot corners and fields ≤ one acre are eligible in their entirety. No stubble manipulation (tillage, mowing, spraying, grazing, etc.) allowed following crop harvest until after March 31 of the following year.</p> <p>⁸ Management payment to leave unharvested strips in hayland fields of warm season grasses or alfalfa. Harvest must start in the middle of the field and proceed outward or begin on one side and move across the field.</p> <p>⁹ Payment for 328 is not eligible on the same acres where payment is being received for 329, 345, or 346.</p>

521C	Pond Sealing and Lining - Bentonite Sealant	No.
521D	Pond Sealing and Lining - Clay Treatment	No.
533	Pumping Plant ⁴	No.
550	Range Planting ³	Acre
574	Spring Development	No.
575	Animal Trails and Walkways	Ft.
595	Pest Management ²	Acre
614	Watering Facility	No.
620	Underground Outlet	Ft.
638	Water and Sediment Control Basin	No.
642	Water Well	No.
645	Upland Wildlife Habitat Management	Acre
Management Practices		
472	Access Control ⁵	Acre
528	Prescribed Grazing ^{6,7}	Acre
645	Upland Wildlife Habitat Management ^{7,9}	Acre
645	Upland Wildlife Habitat Management ⁸	Acre
	¹ A higher payment rate has been set for any participant that qualifies as a Limited Resource Farmer or Rancher (LRF), Beginning Farmer or Rancher (BF), or Socially Disadvantaged Farmer or Rancher (SDF). LRF, BF, or SDF may apply under the ranking category specific to their resource concern, or the ranking category specifically for their historically underserved group.	
	² Broadcast and aerial treatment will be eligible <u>only</u> where mechanical or spot treatment are not practical. If broadcast or aerial treatment is needed, justification will be documented in the producer's case file.	
	³ Where cropland is converted to grazing land, cropland acres will not consist of more than 20 percent of the application acres.	
	⁴ Practice is eligible for a solar pump to be used for the purpose of pumping water from a water body, in order to remove livestock from the water body (e.g., pond or stream).	
	⁵ Practice is eligible for management payment <u>only</u> where livestock are excluded for twelve consecutive months and followed by two years of prescribed grazing. Practice codes 472 and 528 will not be applied for incentive on the same acres in the same year.	
	⁶ Two payment rates have been set: 1) Requires at least 30 to 73.9 percent deferment during the growing season, and 2) Requires at least 74 percent deferment during the growing season.	
	⁷ Practice will be implemented a minimum of three years. Payment will be made upon annual implementation of the practice.	
	⁸ Management payment to burn all acres in the treatment unit only one out of three years. The payment is eligible from a north south line from Washington County to Cowley County and all counties east thereof. Each acre in the treatment unit must be burned but shall only be burned only one out of three years. Burning shall not occur between May 1 and July 31. Payment will be made on actual acres to be burned every year.	
	⁹ Management payment to leave unharvested strips in hayland fields of warm season grasses or alfalfa. Harvest must start in the middle of the field and proceed outward or begin on one side and move across the field.

LRF, BF, or SDF may apply under the ranking category specific to their resource concern, or the ranking category specifically for their historically underserved group.	
	² Practice eligible for use with tree and shrub plantings associated with 380, 391, 612 and 650.	
	³ Practice is eligible for a pump for livestock waste transfer or a solar pump to be used for the purpose of pumping water from a water body, in order to remove livestock from the water body (e.g., pond or stream).	
	⁴ This practice will be installed for the entire crop rotation or contract length, whichever is longer; a minimum three crop type rotation will be installed.	
	⁵ Practice is eligible on cropland converted to permanent vegetation meeting Natural Resources Conservation Service (NRCS) electronic Field Office Technical Guide (eFOTG) standards and specifications of 512 or 550. Requires at least 30 percent deferment during the growing season to be	
	⁶ Practice will be implemented a minimum of three years. Payment will be made upon annual implementation of the practice.	
	⁷ Management payment to leave brood strips in wheat stubble. Strips must be a minimum of one acre and must not exceed 10 percent of an individual field. Pivot corners and fields ≤ one acre are eligible in their entirety. No stubble manipulation (tillage, mowing, spraying, grazing, etc.) allowed following crop harvest until after March 31 of the following year.	
	⁸ Management payment to leave unharvested strips in hayland fields of warm season grasses or alfalfa. Harvest must start in the middle of the field and proceed outward or begin on one side and move across the field.	
	⁹ Payment for 328 is not eligible on the same acres where payment is being received for 329, 345, or 346.	
	¹⁰ Practice must be part of a Nutrient Management Plan that is developed prior to payment for this practice. For imported waste, the payment is limited to the storage needed for the contracted wasted.

Attachment 10 to KS300-10-13
dated December 17, 2009

1	A higher payment rate has been set for any participant that qualifies as a Limited Resource Farmer or Rancher (LRF), Beginning Farmer or Rancher (BF), or Socially Disadvantaged Farmer or Rancher (SDF). LRF, BF, or SDF may apply under the ranking category specific to their resource concern, or the ranking category specifically for their historically underserved group.
2	Practices are eligible on irrigated acres that are converting to non-irrigated.
3	Eligible only if the producer is reducing current water use by a minimum 35 percent.
4	Financial assistance is authorized when this practice is installed for conversion from irrigated cropland to non-irrigated cropland system on 100 percent of the acres under the water right. Payment is only authorized on the irrigated acres and must be taken for three years.
5	Financial assistance is authorized when the practice is installed for conversion from irrigated cropland to non-irrigated grassland on all acres under the water right. (Planting will meet Natural Resources Conservation Service (NRCS) practice code 512 standards and specifications). Payment is only authorized on the converted acres and must be taken for three years.
6	Financial assistance is authorized when the practice is installed for conversion from irrigated cropland to non-irrigated grassland on all acres under the water right. (Planting will meet NRCS practice code 550 standards and specifications). Payment is only authorized on the converted acres and must be taken for three years.
7	Management payment to leave brood strips in wheat stubble. Strips must be a minimum of one acre and must not exceed 10 percent of an individual field. Pivot corners and fields \leq one acre are eligible in their entirety. No stubble manipulation (tillage, mowing, spraying, grazing, etc.) allowed following crop harvest until after March 31 of the following year.
9	Management payment to leave unharvested strips in hayland fields of warm season grasses or alfalfa. Harvest must start in the middle of the field and proceed outward or begin on one side and move across the field.
9	Practice will be implemented a minimum of three years. Payment will be made upon annual implementation of the practice.

1	A higher payment rate has been set for any participant that qualifies as a Limited Resource Farmer or Rancher (LRF), Beginning Farmer or Rancher (BF), or Socially Disadvantaged Farmer or Rancher (SDF). LRF, BF, or SDF may apply under the ranking category specific to their resource concern, or the ranking category specifically for their historically underserved group.
2	Broadcast and aerial treatment will be eligible <u>only</u> where mechanical or spot treatment are not practical. If broadcast or aerial treatment is needed, justification will be documented in the producer's case file. TREATMENT OF BRUSH AT THE LOW INFESTION LEVEL IS ONLY AVAILABLE UNDER THIS RANKING CATEGORY.
3	Practice is eligible for a pump for livestock waste transfer or a solar pump to be used for the purpose of pumping water from a water body, in order to remove livestock from the water body (e.g., pond or stream).
4	One payment rate has been set for three zones in Kansas depending on the habitat needed. <u>See Range Technical Note 9 for habitat type description and wildlife plan development requirements.</u> Zone 1 - Development of nesting and brood rearing habitat primarily for Greater Prairie-Chicken. North of a line from the south border of Greeley, Wichita, Scott, Lane, Ness, Rush, Barton, Rice, and McPherson Counties. West of a line from the east border of McPherson, Saline, Ottawa, Cloud, and Republic Counties. Zone 2 - Development of nesting and brood rearing habitat primarily for Lesser Prairie-Chicken. South of a line from the north border of Hamilton, Finney, Hodgeman, Pawnee, Stafford, Reno, and Harvey Counties. West of a line from the east border of Harvey, Sedgwick, and Sumner Counties. Zone 3 - Development of nesting habitat primarily for Greater-Prairie Chicken. East of a line from the west border of Washington, Clay, Dickinson, Marion, Butler, and Cowley Counties.
5	Practice will be implemented a minimum of three years. Payment will be made upon annual implementation of the practice.
6	Practice is eligible for management payment <u>only</u> where livestock are excluded for twelve consecutive months and followed by two years of prescribed grazing. Practice codes 472 and 528 will not be applied for incentive on the same acres in the same year.

FISCAL YEAR 2010
KANSAS EQIP ELIGIBLE PRACTICE LIST

Attachment D to KS300-10-27
dated February 8, 2010

Ranking Category - Organic¹

7	Payment for 328 is not eligible on the same acres where payment is being received for 329, 345, or 346.
8	Management payment to leave brood strips in wheat stubble. Strips must be a minimum of one acre and must not exceed 10 percent of an individual field. Pivot corners and fields \leq one acre are eligible in their entirety. No stubble manipulation (tillage, mowing, spraying, grazing, etc.) allowed following crop harvest until after March 31 of the following year.
9	Management payment to leave unharvested strips in hayland fields of warm season grasses or alfalfa. Harvest must start in the middle of the field and proceed outward or begin on one side and move across the field.
10	Management payment to burn all acres in the treatment unit only one out of three years. The payment is eligible from a north south line from Washington County to Cowley County and all counties east thereof. Each acre in the treatment unit must be burned but shall only be burned only one out of three years. Burning shall not occur between May 1 and July 31. Payment will be made on actual acres to be burned every year.
11	Practice must be part of a Nutrient Management Plan that is developed prior to payment for this practice. For imported waste, the payment is limited to the storage needed for the contracted waste.
