528	Prescribed Grazing ^{6,7}	Acre
645	Upland Wildlife Habitat Management ^{7,9}	Acre
645	Upland Wildlife Habitat Management ^{7,8}	Acre
	¹ A higher payment rate has been set for any participant that qualifies as a Limited Resource Farmer or Rancher (LRF), Beginning Farmer or Rancher (BF), or Socially Disadvantaged Farmer or Rancher (SDF). LRF, BF, or SDF may apply under their ranking category or the category specific to their resource concern.	
	² Broadcast and aerial treatment will be eligible <u>only</u> where mechanical or spot treatment are not practical. If broadcast or aerial treatment is needed, justification will be documented in the producer's case file.	
	³ Where cropland is converted to grazing land, cropland acres will not consist of more than 20 percent of the application acres.	
	⁴ Practice is eligible for a solar pump to be used for the purpose of pumping water from a water body, in order to remove livestock from the water body (e.g. pond or stream).	
	⁵ Practice is eligible for management payment <u>only</u> where livestock are excluded for twelve consecutive months and followed by two years of prescribed grazing. Practice codes 472 and 528 will not be applied for payment on the same acres in the same year.	
	⁶ Two payment rates have been set: 1) Requires at least 30 to 73.9 percent rest during the growing season, and 2) Requires at least 74 percent rest during the growing season.	
	⁷ Practice will be implemented a minimum of three years. Payment will be made upon annual implementation of the practice.	
	⁸ Management payment to burn all acres in the treatment unit only one out of three years. The payment is eligible from a north south line from Washington County to Cowley County and all counties east thereof. Each acre in the treatment unit must be burned but shall only be burned once in three years. Burning shall not occur between May 1 and July 31. Payment will be made on actual acres burned. Each acre will be eligible for payment only once during the contract period.	
	⁹ Management payment to leave unharvested strips in hayland fields of warm season grasses or alfalfa. Harvest must start in the middle of the field and proceed outward or begin on one side and move across the field.
