2010 Ranking Period 2

Water Quality Enhancement Activity – KS-ANM07 Extending existing field borders for water quality protection and wildlife habitat

Kansas Criteria for National Water Quality Enhancement Activity – ANM07

1. Refer to Conservation Practice 386, Field Border, for additional field border information.
2. For wildlife-friendly seeding recommendations, refer to Construction Specifications 645, Upland Wildlife Habitat Management. Brood cover mix is recommended to benefit adapted bird species.
3. Construction Specifications 391, Riparian Forest Buffer, contains additional information pertinent to field border application.
