Plant Enhancement Activity – KS-PLT11 Conifer crop tree release

Kansas Criteria for National Plant Enhancement Activity – PLT11

1. A Forest Stewardship Plan (FSP) will be developed to inventory existing vegetation and to develop a conifer crop tree release plan. Through the Natural Resources Conservation Service (NRCS), a Kansas Forest Service (KFS) district forester may be requested to complete a FSP, a conifer crop tree release plan, and to assist the producer with the application of Construction Specifications 666, Forest Stand Improvement.
2. Refer to Construction Specifications 660, Tree/Shrub Pruning, for method and guidance to proper tree pruning.
