KANSAS BULLETIN NO. KS300-13-49

SUBJECT: LTP–Wetlands Reserve Program Cost List

Purpose: Provide updated cost list for restoration, maintenance, management, and enhancement activities on Wetlands Reserve Program (WRP) lands

Expiration Date: September 30, 2014

The WRP 2013 cost list is to be used for development of engineering and project cost estimates for restoration, maintenance, management, and enhancement activities for WRP.

The cost list is also to be used for development of landowner Conservation Program Contracts (CPC) for restoration, maintenance, management, and enhancement activities. The cost-share rate for a CPC on permanent WRP easement is 100 percent. The cost-share rate for a CPC on 30-year easement and 10-year restoration contract is 75 percent. All permanent and 30-year easements and 10-year restoration contracts will have a cost type of Actual cost not to exceed the specified maximum (AM).

The cost list will be made available for field offices to access through Customer Service Toolkit Contract Wizard for development of CPCs. In addition, the WRP 2013 cost list located at [Kansas Sharepoint](#) includes practice code detailed scenario descriptions.

Contact: Lynn E. Thurlow, Acting Assistant State Conservationist for Water Resources at 785-823-4548.
