## Water Quality Technical Note No. 5

### SOIL LEACHING AND SURFACE LOSS POTENTIAL TABLE

This coversheet transmits a copy of the Soil Leaching and Surface Loss potential tables for Hawaii.

The tables may be used as a reference to complete Water Quality Technical Note No. 1, Water Quality Risk Assessment or for other assessments.

The tables were developed by NRCS Hawaii in 1993 and may also be found in Section II of your Field Office Technical Guide, under Water Quantity and Quality.
