INDEX OF BIRDS OF NORTH AMERICA

This coversheet transmits a copy the Index of Birds of North America. It lists detailed publications about bird species in North America. These may be used for inventories and with Technical Note No. 2 - Native Aquatic Wildlife Inventory Worksheet.

These publications are available in the Pacific Islands Area State Office. If you are interested in a particular bird species, you may request copies from the PIA State Biologist, at (808) 541-2600, extension 109. In your request, please list scientific name and volume number.
