**Hawaii Technical Notes Announcement No. 4**

To: Field Offices  
PMS  
Hawaii Resource Office  
State Office (3 copies total)

FROM: Ruth Kirby, Acting State Resource Conservationist

SUBJECT: Distribution of Prime Forest Lands Inventory Maps for the Big Island, Maui,  
and Molokai

Attached is the subject material for insertion into the Hawaii Technical Notes Binder.

Forestry Technical Note – No. 5 includes prime forest lands inventory maps for the Big Island, Maui, and Molokai. Also included are interpretive and support data. Planners can use this information to complete planning inventories and to identify resource concerns and also areas for restoration and protection. The materials were developed by the Big Island and Tri-Isle Resource Conservation and Development Council in 1981 and 1982.

**FILLING INSTRUCTIONS:**

- Log this announcement in the Announcement index in the front of the binder.
- File this announcement in the front of Announcement 3.
- Log Technical Note No. 5 in the Forestry Technical Notes Index.
- File Technical Note No. 5 after Forestry Technical Note No. 4.

If you have questions regarding the material, please contact Terrell Kelley at (808) 541-2600, extension 109.
