

Forest Enhancement Bundle –BFO06 (Improves wildlife habitat and soil quality)

Enhancement Description

This bundle of enhancement activities includes: ANM27-Wildlife friendly fencing; ANM33-Riparian buffer, terrestrial and aquatic wildlife habitat; PLT05-Multi-story cropping, sustainable management of non-timber forest plants; PLT15-Establish pollinator and/or beneficial insect habitat; and PLT17-Creating forest opening to improve hardwood stands.

Land Use Applicability

Forestland

Benefits

This bundle of enhancements is focused on activities that will improve wildlife habitat and soil quality. Implementing these activities together creates a synergy that should result in more conservation benefits than might be expected from the individual activities. Applicants that choose to implement this bundle of activities will receive an increase in ranking and activity points.

Conditions Where Enhancement Applies

This enhancement applies to all forest land use acres.

Criteria

Bundle rules

1. All of the activities in the bundle must be implemented. However, if an applicant is already implementing 1 or 2 of the activities, they are still eligible for the bundle and only need to implement the remaining 3 or 4 activities.
2. Applicants will be required to install all enhancements in the bundle wherever they are needed on the applied area.
3. Other enhancements cannot be substituted for those in the bundles.
4. Applicants choose the acres of their operation where they want to implement the bundle. If the applicant chooses to implement the activity on only a portion of their operation, their ranking and performance points will be reduced proportionally.
5. The amount of the bundle that can be scheduled cannot exceed the most limiting individual “system” enhancement scheduled.

Follow the criteria in the respective enhancement activity sheets to implement each enhancement.

United States Department of Agriculture
Natural Resources Conservation Service

2012 Ranking Period 1

For this bundle implement ANM27, ANM33, PLT05, PLT15, and PLT17 according to their respective criteria on all of the area selected for bundle application.

Adoption Requirements

This enhancement is considered adopted when rules # 1 and 2 from “Rules for Enhancement Activity Bundles” above have been fulfilled.

Documentation Requirements

Follow the documentation requirements in the respective enhancement activity sheets to document the implementation of each enhancement.

In addition, document the actual amount, fields and when each enhancement in the bundle is implemented:

Enhancement Activity	Amount (unit)	Field(s) Number or Name	Year Applied
ANM27			
ANM33			
PLT05			
PLT15			
PLT17			

**Conservation Stewardship Program Enhancements
Requiring Cultural Resource Notification**

The enhancements identified below require that a cultural resources request form (OR-EVT-1 CR/TE (6/11) be completed and submitted prior to implementing the enhancement. If producer enhancements are not listed below and only a T&E species list is required, do not check the cultural resources box at the top of the form. If you need a cultural resources review make sure you include the contract number, USGS Quad name, tract number and legal location. Describe the planned action and include equipment to be used and the extent of the disturbance. Do not just list the enhancement code. The enhancements requiring cultural resource review are:

ANM05

ANM11

ANM12

ANM21

PLT05

PLT17

WQL01

FPP02

FRD01

BF006
