

Oregon Natural Resource and/or Agriculture Strategies

Strategy Title	Natural Resources Addressed	Organization/Agency	Link to Strategic Priorities	Others who use the strategy	Notes	GIS Available?
Oregon Conservation Strategy	Wildlife Habitat	Oregon Department of Fish and Wildlife	http://www.dfw.state.or.us/conservationstrategy/read_the_strategy.asp	ODF,	contains specific, strategic priorities. Information utilized by many other natural resource agencies in priority-setting	yes
Aquatic Restoration Strategy	Aquatic Habitat	US Forest Service	http://www.fs.fed.us/r6/fishing/regional/habitat/ARS_docr-mar05-mod-rev-1107.pdf	EcoTrust, OWEB (through Whole Watersheds Restoration Initiative)	Page 28 of restoration strategy contains large scale basin map of priorities. In Oregon, these include: Northern Oregon Coast, Lower Columbia, Southern Oregon Coast and John Day	yes
Whole Watersheds Restoration Initiative	Aquatic Habitat	EcoTrust, USFS, NOAA-Fisheries, OWEB	http://www.ecotrust.org/wwri/	EcoTrust, USFS, NOAA-Fisheries, OWEB, BLM, NRCS, and others	USFS aquatic strategy and WWRI are closely tied; priority watersheds contained on map: http://www.ecotrust.org/wwri/images/WWRI_Map_2011.JPG	yes
Oregon State Forest Assessment and Resource Strategy	forest health - includes wildfire risk, habitat conservation and 'general forestland consideration' maps	Oregon Department of Forestry	http://egov.oregon.gov/ODF/RESOURCE_PLANNING/2010fars.shtml	US Forest Service	In the process of updating the Resource Strategy (the Strategy now includes the addition of Climate Change as a priority issue) and the priority landscape maps (prioritizing forested areas at a watershed (6 th field) scale).	
Nurseries	All on nursery operations, focus on GHG, energy, water quality/quantity	Oregon Association of Nurseries	http://www.oan.org/associations/4440/files/pdf/OANSustainabilityRoadmap.pdf	OR Environmental Council	Clackamas, Marion, Multnomah, Washington and Yamhill counties represent about 85% of nursery production in Oregon. See also BMPs developed for nurseries at - http://www.climatefriendlynurseries.org/resources/best_management_practices_for_climate_friendly_nurseries.pdf	no

Strategy Title	Natural Resources Addressed	Organization/Agency	Link to Strategic Priorities	Others who use the strategy	Notes	GIS Available?
EcoRegional Priorities	terrestrial and aquatic habitats	The Nature Conservancy	http://maps.tnc.org	various	The primary purpose of this site is to make the Nature Conservancy's core conservation data publicly available. Includes conservation projects, eoregional priorities and TNC lands, among other layers	available at website
Habitat Focus Areas	aquatic and terrestrial habitat	USFWS - Partners for Fish and Wildlife	http://www.fws.gov/oregonfwo/ToolsForLandowners/Partners/FocusAreas.asp	various	in draft form right now	will be available
Umatilla TMDL	water quality	Department of Environmental Quality	http://www.deq.state.or.us/WQ/TMDLs/docs/umatillabasin/umatilla/tmdl.pdf	most other agencies are required to use this when dealing with WQ	look at Section 3.5.2	yes
Walla Walla TMDL	water quality	Department of Environmental Quality	http://www.deq.state.or.us/WQ/TMDLs/docs/wallawallabasin/tmdlwqmp.pdf	most other agencies are required to use this when dealing with WQ	Section C (2-4)	yes
Willow Creek TMDL	water quality	Department of Environmental Quality	http://www.deq.state.or.us/WQ/TMDLs/docs/umatillabasin/willowcreek/willow_wqmp.pdf	most other agencies are required to use this when dealing with WQ	Management Plan Section B (pages 2-4 through 2-5)	yes
John Day TMDL	water quality	Department of Environmental Quality	http://www.deq.state.or.us/WQ/TMDLs/docs/johndaybasin/TMDLandWQMPPFINAL.pdf	most other agencies are required to use this when dealing with WQ	Quality Management Plan Prioritization (page 142)	yes
ESA Recovery Plans	salmon habitat	National Marine Fisheries Service, US Fish and Wildlife Service	http://www.nwr.noaa.gov/Salmon-Recovery-Planning/ESA-Recovery-Plans/Draft-Plans.cfm	this strategy outlines all recovery items on federal lands, so is used by all land management agencies	NMFS has not yet initiated GIS-specific information, but may in the future	no
Wind Energy Challenges and Opportunities	terrestrial habitat associated with wind energy sites	Bureau of Land Management	http://www.blm.gov/or/energy/opportunity/index.php	will hopefully be used by those considering energy development	designed to provide information to wind energy development stakeholders in Eastern Oregon.	not currently
Integrated Water Resources Strategy	water quantity	Oregon Water Resources Department	http://www.wrd.state.or.us/OWRD/LAW/Integrated_Water_Supply_Strategy.shtml	this strategy will be used by most agencies dealing with water quantity when complete	strategy is not yet complete - link is to project page	no
