

Group 6 – Reportable Update Acres

- Reviewed NSSH language to be uploaded next week.
- Focus on projects tied to map units.
 - Define project carefully up front.
 - Less emphasis on “acres” for field staff.
 - Use milestones to set performance goals and incorporate in performance plans.
 - Report acres when completed/uploaded SDM/WSS.

Group 6 – Reportable Update Acres

- As we gain experience with wide range of projects, guidance will be refined.
- HQ/SSS's need to make an effort to inform STC's of these new concepts.
