
Farm Bill Program Participant

Contract Number

Purpose: To facilitate the application of conservation practices by providing a means to control movement of animals and people.

I. NRCS will:

- Assist producers with a design for construction including materials and installation requirements according to NRCS Conservation Practice General Specification: Fence Code 382.
- Will prepare a planned fence design and specification sheet on [NRCS Conservation Practice General Specification: Fence Code 382 attachment 1 or 2](#) with the producer.
- Give the producer a copy of the design of the fence including construction specifications and materials to be utilized in construction with a location map.
- Provide the producer the appropriate (non-electric or electric) 382 Fence job sheet.

II. Participant will:

- Construct fence in accordance with TX-382 attachment 1 or 2 design and specifications provided by NRCS.
- Producer will notify NRCS prior to fence construction and upon completion.
- Provide required maintenance to ensure the function of the practice as designed.

Note: **Payment will be processed upon practice certification.

I understand the requirements of the practice, and my questions concerning the practice have been answered. I further understand that a failure to adhere to the above requirements may jeopardize any and all payments.
