NATIONAL ENGINEERING MANUAL 210-500/545 SUPPLEMENT NO. 11

Subject: Missouri Supplement to National Engineering Manual

Purpose: To update engineering policy to the National Engineering Manual.

Effective Date: This supplement is effective upon receipt.

Explanation of Update: The information in this supplement updates the material on inventory of dams contained in Missouri Supplement 8, dated February 1998. Please discard the outdated material.

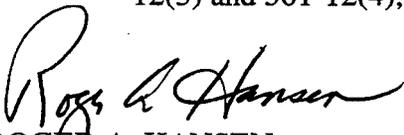

The national office is in the process of updating the National Engineering Manual. These Supplements will be updated as the changes are made to the NEM. Please keep the State Conservation Engineer informed of items in the Missouri Supplements that need to be changed or added.

Forms shown in this supplement are current as of this date. Use current forms as shown in Missouri Engineering Forms Handbook. The forms are also available on the Internet.
