

# New Hampshire 2012 Soil Health Workshops

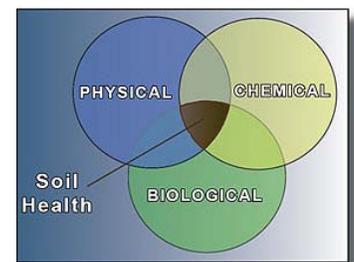

You are cordially invited to join NRCS and the NH Association of Conservation Districts for a workshop on soil health. During this workshop you will learn about the properties of healthy soils and what you can do to improve soil health on your farm. If you recently received Cornell Soil Health test results, we will help you interpret your results in the afternoon. We will conduct the workshop four times, twice in the North Country and twice in southern New Hampshire. Attend the workshop that best meets your schedule. *Come for the whole day, or for either the morning or afternoon session.*

**Jan 30 – Charlestown.** Student Conservation Association, Green Building, 689 River Rd.
