

Massachusetts NRCS WRP Land Eligibility

Landowner(s): _____

WRP Site Location: _____

NRCS Planner: _____

| WRP Land Eligibility Determination | | | |
|---|--------|--|--------|
| ELIGIBLE ACRES | | OTHER ADJACENT ACRES | |
| Existing Riparian (that links wetlands protected by an easement -or similar-that are no more than 1 mile apart) | ___Ac. | Existing Wetland (non ag land) | ___Ac. |
| Riparian Restorable (that links wetlands protected by an easement - or similar- that are no more than 1 mile apart) | ___Ac. | Upland in natural vegetation | ___Ac. |
| Prior Converted (PC) | ___Ac. | Restorable upland | ___Ac. |
| Farmed Wetland (FW) | ___Ac. | Other | ___Ac. |
| Lands Altered by Floods | ___Ac. | <i>NOTE: "Other adjacent acres" is land that would contribute significantly to wetland functions and values. Enrollment is allowed on a 1:1 proportion unless STC waiver obtained.</i> | |
| Wetland Farmed under Natural Conditions (W) | ___Ac. | | |
| Farmed Wetland Pasture (FWP) | ___Ac. | | |
| Commenced Conversion (CC) | ___Ac. | | |
| Former or Degraded Wetlands (were/are producing food/fiber where hydrology was altered and will be restored) | ___Ac. | | |
| <i>Active Cranberry Bogs</i> | ___Ac. | | |
| <i>Abandoned Cranberry Bogs (>5 yrs)</i> | ___Ac. | | |
| Eligible CRP (not containing timber or pastureland established to trees by CRP) | ___Ac. | | |
| Restored Wetland with <30 year easement | ___Ac. | | |
| TOTAL ELIGIBLE ACRES | | TOTAL ADJACENT ACRES | |
| TOTAL ACRES IN EASEMENT | | _____AC. | |

Attach map showing the proposed easement boundary and delineation of all the appropriate eligibility / adjacent land categories.
