

Statement of Control of Rented/Leased Land for CSP

One of the requirements of the Conservation Security Program (CSP) is that program participants have control of land enrolled into CSP over the 5 to 10 year contract period. Operators who manage land that they do not own may wish to substantiate the intentions of the parties to the CSP contract with this optional document. Owners and operators who cash rent or lease land may find this form helpful to demonstrate control of the land for purposes of applying to CSP. This is not a binding legal document, nor is this document required in order to apply to CSP.

To the best of my knowledge, if circumstances continue as they have been into the foreseeable future, I/we plan to continue rent or lease the identified land to the identified operator(s) for the length of the submitted CSP contract period.

Land: _____

identify parcel, land unit and/or legal location

Landowner(s): _____

print name, sign, and date

Operator(s): _____

print name, sign, and date

Anticipated lease period: _____ years
