

DELAWARE MATERIAL SPECIFICATION

CAST IRON PIPE AND FITTINGS MS 210

1. **SCOPE**

This specification covers the quality of cast iron pipe and fittings.

2. **PIPE AND FITTINGS**

Cast iron pipe shall conform to the requirements of Federal Specification WW-P-421 for the specified class. Fittings shall conform to the requirements of Federal Specifications WW-P-501 or WW-P-521 for the specified class. Joints and connections shall be as indicated on the drawings. Other appurtenances shall conform to the dimensions indicated on the drawings.

3. **COATINGS**

When specified, cast iron pipe shall be completely coated inside and outside by immersion in a coal-tar pitch or equivalent as specified in ASTM Designation A 74, Section 9.
