WILDLIFE HABITAT INCENTIVES PROGRAM
FY2009 Eligible Practices and Practice Hold-Downs
WEST AREA - WASHINGTON STATE

Footnotes:

1/ The practice Hold Down is the maximum amount of cost-share for the total units of the practice scheduled in the WHIP Conservation Program Agreement.

2/ These practices are eligible only if needed in support of the implementation of a Fish Passage (396) project.

3/ This practice is eligible only in support of an Early Successional Habitat Development/Management (647) project, where high quality forage is needed to meet the nutritional needs of a targeted wildlife species.

4/ These practices are eligible only if needed to provide a replacement source of water for livestock that will be excluded from direct access to a significant riparian water source (stream, spring, pond, or lake) in order to directly benefit fish or wildlife species.

5/ This practice is eligible only if needed in support of a Wetland Enhancement (659) or Wetland Restoration (657) project, or a Shallow Water Management for Wildlife (646).
