Estimates may not total because of rounding.

\* The error referred to in the table is the standard error of the estimate.

(To obtain the margin of error at the 95% confidence limit multiply the error by 1.96.)

### Geographic Area of the Southwest Team of Washington State:

Clark	Mason
Cowlitz	Pacific
Grays Harbor	Thurston
Lewis	Wahkiakum

Except for the urban area around Vancouver (Clark Co.) there have not been any dramatic shifts in land use. Small farms continue to exist but more and more operators obtain off farm income. The conversion of forestland to urban has been offset by reforestation efforts on old pasture and brush fields.
