Estimates may not total because of rounding.

* The error referred to in the table is the standard error of the estimate.

(To obtain the margin of error at the 95% confidence limit multiply the error by 1.96.

Geographic Area of the Central Basin Team of Washington State:

Benton **Kittitas** **Yakima**
Franklin **Klickitat**
Grant **Skamania**

The area within the Columbia Basin Team contains the Columbia Basin Irrigation Project which produces many high value crops. The area devoted to agriculture has gradually declined, but increases in productivity have offset the losses of cropland over the fifteen years between 1982 and 1997.
