580	Streambank and Shoreline Protection	<u>3/</u> FT	75%	
587	Structure for Water Control	<u>3/</u> NO	75%	
612	Tree/Shrub Establishment	AC	75%	
645	Upland Wildlife Habitat Management	AC	75%	
642	Water Well	<u>4/</u> NO	75%	\$ 5,000
614	Watering Facility	<u>4/</u> NO	75%	\$ 5,000
659	Wetland Enhancement	AC	75%	
657	Wetland Restoration	AC	75%	
644	Wetland Wildlife Habitat Management	AC	75%	

NOTE: There is a limit of \$25,000 per Conservation Program Contract, for the total cost-share for all practices included in the contract.

**WILDLIFE HABITAT INCENTIVES PROGRAM
FY2007 Eligible Practices and Practice Hold-Downs
EAST AREA - WASHINGTON STATE**

Footnotes:

1/ The maximum cost-share rate is 75% for all structural or vegetative practices. Management practices or components with cost type of "FR" are not eligible for cost share under a WHIP Conservation Program Agreement, but may be included as a non-cost-shared (NC) item in the Agreement. Other practices in the Field Office Technical Guide that are not listed above may also be included as NC items in the WHIP Agreement if needed as a supplemental practice.

2/ The practice Hold Down is the maximum amount of cost-share for the total units of the practice scheduled in the WHIP Conservation Program Agreement.

3/ These practices are eligible only if needed in support of the implementation of a Fish Passage (396) project.

4/ These practices are eligible only if needed to provide a replacement source of water for livestock that will be excluded from direct access to a significant riparian water source (stream, spring, pond, or lake) in order to directly benefit fish or wildlife species. In the East Area, only perennial water sources will be considered significant, and eligible for these practices.
