

Authorization for NRCS Release of Conservation Plan File Information

Persons receiving Federal funding (to include final designs/specifications) through the USDA Natural Resources Conservation Service (NRCS) to implement conservation projects are required to comply with all Federal, State, and local laws, as well as obtain any required Federal, State, or local permits prior to construction of the project.

In order to ensure compliance with the Endangered Species Act (ESA) and the Magnuson-Stevens Act (MSA), NRCS is required to consult with US Fish and Wildlife Service (USFWS) and National Oceanic and Atmospheric Administration (NOAA) – Fisheries [formerly referred to as the National Marine Fisheries Service (NMFS)] if we determine our actions will affect Threatened or Endangered species or their habitat.

The National Historic Preservation Act (NHPA) requires NRCS to cooperate with the State Historic Preservation Office (SHPO), the Advisory Council on Historic Preservation (Advisory Council) and one Federally recognized Native American Tribe.

I, _____, have control of said project and/or property, and give my consent for NRCS to consult with and/or release pertinent information from my project or construction plan relating to said consultation with the USFWS, NOAA Fisheries, Advisory Council, Nevada SHPO and Tribes to ensure compliance with ESA, MSA, NHPA. **This does not authorize access to my private property by non-NRCS agencies, groups, or individuals.**

I, _____, have control of said project and/or property, and choose **NOT** to give my consent for NRCS to consult with and/or release pertinent information from my project or construction plan relating to said consultation with the USFWS, NOAA Fisheries, Advisory Council, SHPO and Tribes to ensure compliance with ESA, MSA, NHPA.

If you choose **NOT** to give your consent, you may work directly with these agencies when the need arises and provide assurance of ESA, MSA, and NHPA compliance to the NRCS prior to implementation of your planned project. NRCS will provide you no further assistance until the consultation process has been completed.

NOTE: Failure to provide consent may affect your eligibility to receive USDA funding for your project. You may cancel this consent by written notice.
