NATIONAL BIOLOGY HANDBOOK
190-VI
Amendment 2

SUBJECT: ECS – National Biology Handbook, Subpart D, Part 641

Recently, new information was added to the National Biology Handbook, Subpart D – Reporting Procedures for Conservation Practice Standards. Part 641 gives “Guidance for Effective Implementation and Reporting of Conservation Practice Standard 395, Stream Habitat Improvement and Management.”

This amendment was necessitated by the August, 2006 revisions to the above-referenced practice standard. Guidance is provided for computing the number of acres improved and/or managed to meet the purposes of the practice.

Filing Instructions:

If a hard-copy is desired, it can be downloaded from the NRCS National directives site at <http://directives.sc.egov.usda.gov/>.

A handwritten signature in black ink that reads "Richard Sims".

RICHARD SIMS
