

TECHNICAL NOTES

USDA-Natural Resources Conservation Service
Boise, Idaho

TN RANGE NO. 25 (Revised)

October 2007

Technical Note No. 25, Interpreting Indicators of Rangeland Health – version 4, is cooperatively published by the US Department of the Interior/Bureau of Land Management and US Geological Survey and the US Department of Agriculture/Natural Resources Conservation Service and Agricultural Research Service. This publication provides the protocol for assessing Rangeland Health (Chapter 4, pp. 23-25, National Range and Pasture Handbook).

This revision incorporates evolving technology in the application of this concept and its protocols.

The Technical Note is available online at ftp://ftp-fc.sc.egov.usda.gov/GLTI/technical/publications/IIRH_v4_8-15-05.pdf or by contacting BLM National Business Center and requesting a copy of TR 1734-6.

File this in the Range section of the Technical Notes, Section VI of the Technical Guide.
