

### MONITORING WELL WORKSHEET

Date: \_\_\_\_\_

This form has been developed to help field personnel request a geological report for a monitoring well project and submit your request to the NRCS State Geologist.

The following data are required for the development of a Monitoring Well Report:

Cooperator: \_\_\_\_\_

Address: \_\_\_\_\_ Phone: \_\_\_\_\_

Project location: \_\_\_\_\_<sup>1</sup>/<sub>4</sub>, \_\_\_\_\_<sup>1</sup>/<sub>4</sub>, \_\_\_\_\_<sup>1</sup>/<sub>4</sub>, Sec. \_\_\_\_\_, T. \_\_\_\_\_  
(N  or S , R. \_\_\_\_\_ (E  or W )

UTM (North) \_\_\_\_\_ (East) \_\_\_\_\_

GPS  Yes  No Latitude: \_\_\_\_\_ Longitude: \_\_\_\_\_ (use decimal degrees)

Error as reported by GPS locator (+/- feet) \_\_\_\_\_ Datum  NAD27  WGS84

Size and type of casing: \_\_\_\_\_ Size and type of production tubing: \_\_\_\_\_

Enclose a topographic map showing ALL of the planning unit, actual and planned fences, and access for drilling equipment. Include a second photo map showing ALL utilities (pipelines, buried power/phone lines, overhead lines, etc.).

<sup>1</sup>/ Special considerations (land use/ownership constraints, known contamination, etc.):

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

<sup>1</sup>/ Special considerations include existing or proposed land use restrictions due to ownership, climate, vegetation, cultural, or other conflicts.

Other information (reason for project, contaminants of interest, etc.):

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Assisted by: \_\_\_\_\_ Requesting Office: \_\_\_\_\_

**See Montana Supplement to the Engineering Field Handbook, Monitoring Well, Pages MW-Ch. 51-Pg. 1 and 2 for additional guidance and information needed.**
