

ENR07 - Montana Supplement

On Farm Energy Audit – (Energy Enhancement Activity)

Montana Clarification

On farm energy audits for this enhancement must be conducted by auditors qualified for the ASABE Standard S612. Local NRCS Field Offices have a list of qualified energy auditors.

Montana Specifications

See attached ANSI/ASABE S612, July, 2009.

Incompatible Enhancements

This enhancement may not be contracted with the following enhancements:

- For crop: none
- For pasture: none
- For range: none
- For forest: none

Eligible Land

Crop, pasture, range and forestland

Applicable Amount

One per application

Example (Actual)

Applicable to all land uses, the participant may pick one or more landuses for which to obtain an energy audit. Because only one per application is allowed, the applicable amount will always be 1 and the applied amount will always be 1. The Toolkit plan would look like the following:

Example (Actual)

	Year 1	Year 2	Year 3	Year 4	Year 5
ENR07	1	0	0	0	0

Documentation Requirements

- A copy of the energy audit
- A list of activities that have been implemented as a result of the audit and the expected energy savings.

I acknowledge that I have read and understand all that is required for the implementation of this CSP Enhancement Activity.
